

Bird Calls

Newsletter of the Bastrop County Audubon Society

Meeting: Tuesday, November 15, 2016, 7:00 p.m., First National Bank in Bastrop. Doors open at 6:30. Join us beforehand at 5:00 at the Mediterranean Grill in Bastrop, RSVP ssimon1221@yahoo.com, for dinner.

Program: The BCAS November program will feature local artist and nature photographer Komal. His slide show “The World of Nature” is a selection of birds, insects, and other wildlife photos mostly from India and California. Rather than a lecture, “The World of Nature” is intended to allow the audience to experience nature in all its beauty.

Komal is a self-taught nature photographer and artist. His acclaimed photography captures wildlife within their habitats in his distinctive “natural” style. He is producing reproductions of his many works in his gallery One Pinesong Art Gallery, 910 Main Street.
